NEW! Storytellers Ornaments

Learn more about the newest innovation technology from Hallmark Keepsake Ornaments!

INTRODUCING STAR WARS™ STORYTELLERS

This new *Star Wars*™ collection features exciting and innovative technology which creates a sound and light show to amaze your Sci-Fi customers!

Beginning with 3 ships this year, followed by 2 each in 2018 and 2019, the ornaments interact to tell the story of *Star Wars: A New Hope*™ by performing five major moments with actual dialogue and sound effects from the movie, all with a corresponding light show.

With a push of a button on any **Star Wars™ Collection** ornament, a signal is sent out to determine what other ornaments are nearby. Then the show starts! There are 127 versions of possible stories that can be experienced based on which ornaments you have. All 7 ornaments together present a 9-minute performance.

The collection lights up when connected to the **NEW Keepsake Power Cord**, with each ornament playing a scene from the movie and new performances unlocked with each additional ornament.

Darth Vader's TIE Fighter™
QXI1522 \$39.95 July

Death Star™
QXI1512 \$39.95 July

X-Wing Starfighter™
QXI1515 \$39.95 October

INTRODUCING MERRY MUSIC MAKERS STORYTELLERS

Hallmark artist, Kris Gaughran's Penguins have been an unofficial series since 2001. This year a trio of Merry Music Makers will delight customers using the new Storytellers technology.

The technology allows each ornament to put on a fun show of its own, and when other Merry Music Makers ornaments are in the vicinity, they interact to present an amazing music and light show!

Kris has designed the Penguins with carved, frosted ice instruments to play jazzy music with icy, cool colors. Very pretty!

Each ornament lights up and performs to a classic Christmas carol when connected to the **NEW Keepsake Power Cord**, with more performances unlocked with each additional Merry Music Makers ornament.

Swingin' Sax
QGO1012 \$24.95 July
Music from "Deck the Halls"

Groovin' Guitar
QGO1015 \$24.95 July
